Safe, Secure, & Convenient Options for Your Employees

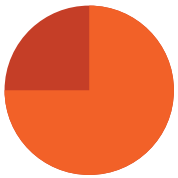

Sobering Statistics on Medication

$41 billion is spent each year on hospital re-admissions

2/3 are due to over/under medicating, and non-adherence to regimen

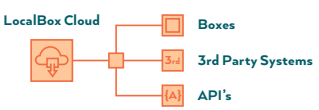

3/4 can be prevented by simplifying medication and guaranteed refills

Employer Benefits

- Improve employee productivity — 100 employees each refilling one prescription a month during work hours can save up to 200 hours of labor per year
- Better medication adherence for chronic conditions such as heart disease, diabetes, or chronic allergies, can mean less employee sick time
- Fewer medical claims equal lower insurance premiums for your company, improving your profits
- Direct delivery lowers employee offset runs to the pharmacy before/during/after work
- Great benefit for employees with second and third shift, or flexible hours
- Convenience — optional non-prescription items can be added such as headache medicine, eye drops, ice packs, and more

Employee Benefits

- Prescriptions picked up when it is convenient for you, no stopping after work
- Same insurance plan, same medications, no additional costs, just more convenience
- Prescriptions are delivered to you
- Two-way video consultations available for questions about your medications
- Pick-up for your spouse, children, and even parents
- All medications are synchronized to improve adherence
- Easy-to-use AdherePac pouches make it easy to administer
- Add supplements for a healthier you

Here's what your pharmacy partner is doing for you:

- Health and wellness events
- On-site flu shot vaccinations
- Consultations via two-way video
- Scheduled deliveries

Increase employee satisfaction and improve the bottom line.
