Simple. Secure. Local.

Studies show that most people choose a pharmacy based on location and convenience. What is more convenient than being where they are at already? At work, school, around the community.

With our IoT solutions and mobile technology, your customers can get their medications where they are and in less than one second. Really! With a focus on the patient experience, iLocalBox brings the pharmacy benefits within reach of the patients.

- Secure medication delivery
- One-on-one consultation
- Co-payment at the kiosk
- OTC and retail delivery
- Education and Wellness Center

Marketing Solved

Let our team do the work for you:

- Signs, Pop-ups, Brochures, & Handouts
- Wellness Fair & Employee Enrollment Events
- Digital & Print Marketing
- Lead Generation
- Inside-Outside Sales Support
- Tradeshows & Local Events
- Implementation & Training
- Technical Support
- Even Delivery (Limits Apply)

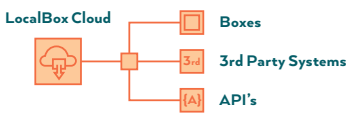

Rx Received → Rx Filled → Rx Stocked In Cabinet → Customer Notified → Customer Pick-up

Pharmacy Benefits

- Capture new patients and grow revenue
- 24×7 access to prescriptions for current and new patients
- Expand your pharmacy brand without the cost of traditional brick and mortar
- OTC products and more available outside the store
- Integration to your PhIS "out of the box"

Pharmacy Connection Solutions

Retail Pharmacy

In pharmacy, in-store, down the street—Extended Pharmacy Hours and Reach without the overhead.

iLocalBox Services

Take your pharmacy to the customer. Placing your pharmacy in local manufacturers, office buildings, campuses—anywhere the customer needs you. Simply place a box and start delivering.

Health Systems and Beyond

Keep employees in the network, meds-to-beds, discharge, outpatient clinics, and more. Are you convenient? We can help!
